We have audited the accompanying financial report, being a special purpose financial report of Cancer Research Trust, which comprises the Statement of Financial Position as at 30 June 2016, the Statement of Profit or Loss and other Comprehensive Income, Statement of Changes in Equity and Statement of Cash Flows for the year then ended, Notes comprising a Summary of Significant Accounting Policies and other explanatory information, and the Trustee Company's Declaration.

Trustee's Responsibility for the Financial Report

The trustee of the Cancer Research Trust is responsible for the preparation of the financial report, that gives a true and fair view, and has determined that the basis of preparation described in Note 1 to the financial report is appropriate to meet the requirements of the Australian Charities and Not-For-Profits Commission Act 2012 and Deed of Trust dated 28 April 2010. The trustee's responsibility also includes such internal control as the trustee determines is necessary to enable the preparation of a financial report that is free from material mis-statement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the financial report based on our audit. We have conducted our audit in accordance with Australian Auditing Standards. Those standards require that we comply with relevant ethical requirements relating to audit engagements and plan and perform the audit to obtain reasonable assurance whether the financial report is free from material mis-statement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial report. The procedures selected depend on the auditor's judgement, including the assessment of the risks of material mis-statement of the financial report, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation of the financial report that gives a true and fair view, in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by the trustee, as well as evaluating the overall presentation of the financial report.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.
